EMPLOYEE LOT CLOSURE AND NEW EMPLOYEE PARKING GUIDANCE

With the reduction in flight activity, the Employee Lot entrance will continue to remain closed until further notice. Signage will be placed at the entrance to the lot and all entrance lanes will be closed and matrix badge swipe readers will be covered. Employees should proceed to the Terminal Parking Garage. See further instructions below.

The Employee pick up location (outside of Door 10) at the Terminal, will also have signage indicating the closure of the Employee Lot.

Garage Parking:

While the Employee Lot is closed, all badged employees who remain working on-site at CVG, will be afforded Garage parking at NO COST. For employees to receive free Garage parking, the following instructions must be passed along to your staff:

- Employees can only enter through **LANE 4 of the Garage** as noted in the picture below. Signage will be placed overhead at the lane indicating "Employee Only".
- Employees will pull a parking ticket.
- We are asking employees to park on the roofs of the Garage (Rows C 14 – 22 and E 24-40) because the Parking Contractor is in the process of cleaning and power-washing the entire Garage.

Reminders:

- **It is imperative that airlines and tenants share the attached with their employees and commuters. If employees do not receive the parking pass, they will not receive the discounted parking rate for the garage and will have to pay the full \$10.**
- **It is the responsibility of those on the distribution list to forward the attached to their employees and commuters.**
- **Employees MUST RETAIN the parking ticket when entering the Garage. At the EXIT PLAZA, employees should insert the parking ticket (FIRST) then the Parking Pass (Coupon Below).**
