

Operations Memorandum

To: CVG Airlines and Tenants

Subject: American Airlines Gate Move & Ramp Rehab Phase 2 Update

Date: May 7, 2018

Effective May 7, 2018

AMERICAN AIRLINES MOVE TO CONCOURSE B

American Airlines (AA) will be moving all gates to Concourse B with overnight parking beginning this evening (5/7) and morning flights leaving tomorrow (5/8). American will occupy gates B18, B20, B22, B24 and B26. Airport signage and Flight Information Displays (FIDS) will reflect this change along with AA boarding passes. Thank you in advance for assisting our mutual customer with a smooth transition to Concourse B.

Effective May 7, 2018

CONCOURSE A RAMP REHAB PHASE 2 UPDATE

KCAB's Concourse A Ramp Rehab project continues into Phase 2 after successful completion of Phase 1 and the re-opening of gate A14. Phase 2 is currently underway effecting gates A16 and A18 that will remain closed throughout this phase. Gate A22 will be closed beginning at 06:00 on Wednesday May 9th. Operators needing overflow gates will need to contact the Airport Communication Center (ACC) at 859-767-7777 for scheduling gates A6, A7, and A8. These gates will act as overflow through Phase 3. To allow for construction, a portion of the Vehicle Service Road (VSR) will remain closed. Please see the diagram below detailing the new haul routes, the Ground Service Equipment (GSE) travel routes, and VSR closure.

Please advise ramp staff to use caution when traveling in this area and to remain aware of construction vehicles and personnel. For questions, please contact the KCAB Planning and Development Department (859-743-5859). Thank you for your cooperation through this necessary improvement project.
