

Operations Memorandum

To: CVG Airlines and Tenants

From: Brian Cobb, VP - Customer Experience

Subject: Concourse A Ramp Service Road Restrictions

Date: March 8, 2017

Personnel with ramp driving privileges are to be made aware of restrictions in place at Concourse A. Effective today, concrete barricades have been placed at the ramp service road 'breezeway' connecting gates A6 and A7. The barricades are in place to support additional safety measures with ongoing construction around Gates A3 and A5 on the building's south side. As such, the barricade placement permits restricted access for emergency services, American Airlines/Envoy, and construction. All others are asked to access north and south sides by using the ramp service road around the perimeter of the building.
