**UNITED AIRLINES CAROUSEL ASSIGNMENT AND FUTURE BAG SERVICE MOVE**

As an enabling project and to support passenger volume balancing in baggage claim, United Airlines' baggage carousel assignment will be changed to 1 and 2. United's ground handler, Simplicity, will make the change effective for their first arrivals on Tuesday. Additionally, United is anticipated to relocate their baggage service office (BSO) to the vacant space adjacent to Carousel 1 and 2. This change will likely occur later September. An update will be sent to announce the move.

Effective **Thursday, September 7, 2017**

**AUTOMATED GUIDEWAY TRAIN (AGT) TUNNEL CARPET REPLACEMENT**

[REVISION TO ORIGINAL NOTICE]

KCAB's contractor will isolate work zones with stanchions (see example below). A plan revision has occurred where the full width between the moving walkways will be closed during carpet replacement.

There is a natural divide of four zones. The contractor will be using these as reference points to close one zone at a time. The moving walkways will remain accessible at all times. Signage will indicate temporary closure and train or moving walkway as travel options. Work will begin from Concourse B Train Depot heading towards Concourse A. The full tunnel length is anticipated to take six working days for completion.
