

Cincinnati/Northern Kentucky International Airport

Operations Memorandum

To: CVG Airport Airlines, Tenants and Concessionaires

From: Brian Cobb, Director - Customer Services

Subject: Temporary Change to Parking Area at the Terminal

Date: November 18, 2013

As roof work at the Terminal progresses to the east side, a dumpster will be placed in the parking spaces near the loading dock on Tuesday, November 19th. Caution must be used in and around this area as debris will be traveling down a chute from the roof into the dumpster. **As a result, parking will not be permitted in that area.** As an additional safety measure, this dumpster must not be used to dispose of trash by other individuals, airlines or tenants. Please continue to use existing dumpsters.
