

## Operations Memorandum

**To:** CVG Airlines and Tenants

**From:** Brian Cobb, VP - Customer Experience

**Subject:** Construction Staging Area – Concourse A Bag Room

**Date:** September 4, 2015

CVG and its contractor will be isolating a portion of the ramp in front of the Concourse A Bag Room on the south side. This area will serve as temporary staging for construction dumpsters, supplies, and equipment. Please reference the red-dotted staging area in the map below. Several roll-up doors around the bag room will be replaced over a three week period. Routine access to the inductions lines will remain open and accessible.

Airline personnel are reminded to enter/exit the area with caution, approach at a slow driving pace, and be alert for personnel and equipment. Personnel are also reminded that the dumpsters are for construction materials only and may not be used for regular trash disposal.
