From: Brian Cobb, VP - Customer Experience

Subject: Concourse C Demolition and Related Service Road Closures

Date: January 6, 2017

The beginning phases of the Concourse C demolition have begun with the placement of the concrete bases for the perimeter fence. Due to the fence placement (see image below) the service roads leading to and around the building will be closed effective immediately. One lane will remain open and be restricted to emergency and construction personnel. Temporary low-profile barricades have been positioned to alert drivers of the closure.

Thank you for your continued efforts in keeping this area safe during the demolition.
