

**To:** CVG Airlines and Applicable Agencies

**From:** Brian Cobb, VP - Customer Services

**Subject:** Terminal 2 Aircraft and Ground Equipment Staging

**Date:** April 6, 2015

Orange Air, operating as Branson Air Express, will begin operations the week of May 3. We anticipate this aircraft parking at Concourse A, Gate A4. The flight schedule for arrivals and departure has the aircraft arriving the evening prior and departing the following morning. Due to the extended parking period, the Airport has coordinated with the handling agency, Trego – Dugan Aviation, to push the aircraft straight back and stage at Terminal 2, as depicted in Fig. 1. As a result, please consider the area in Fig. 2 as unavailable for other aircraft or GSE staging.
