

## Operations Memorandum

**To:** CVG Airlines and Tenants

**From:** Brian Cobb, VP - Customer Experience

**Subject:** Concourse A Pavement Condition Assessment

**Date:** April 11, 2017

Effective **Wednesday, April 12:**

### **SURVEYING, CONDITION ASSESSMENT, AND NON-DESTRUCTIVE TESTING**

CVG's contractor, BF&S, will be onsite to perform a pavement condition assessment surrounding Concourse A. This is the first phase of work leading up to the larger pavement repairs project previously outlined for airline and ramp tenant leaders earlier this year. The repairs phase is not anticipated to begin until later this summer. More information will follow through upcoming planning meetings and notifications as applicable.

The contract employees will be wearing appropriate personal protective equipment and badges. The work will not negatively impact flight operations. All personnel should be aware of workers in the area for safety and security purposes. Work will be ongoing for several days from 8:00 am through 6:00 pm.
