Subject: Runway 9/27 Additional Construction

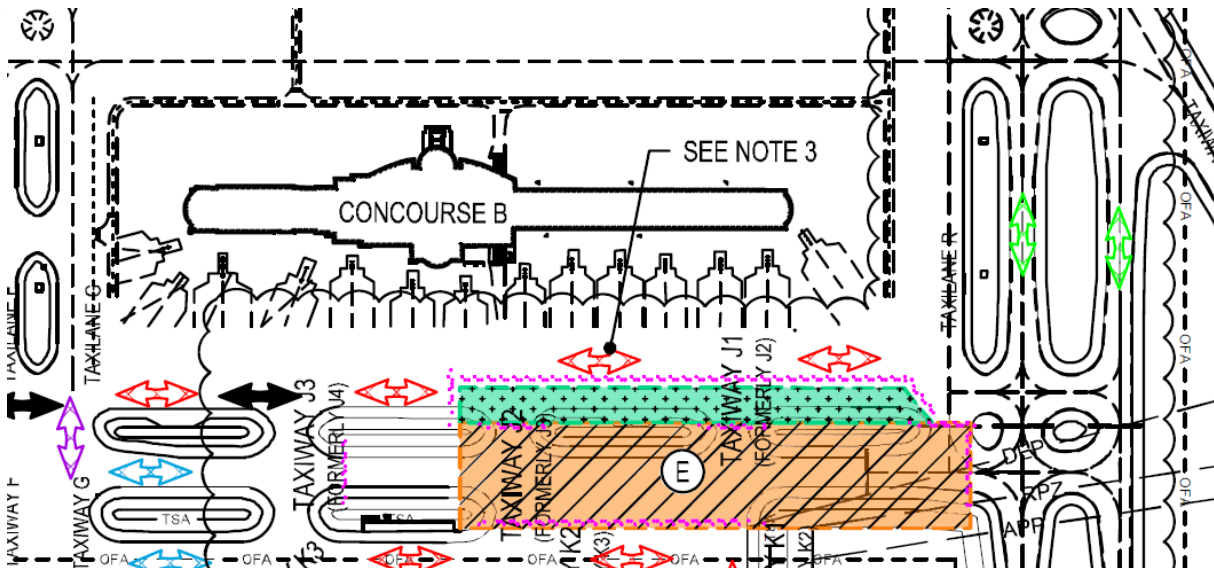

Date: March 17<sup>th</sup>, 2022

### Runway 9/27 Resuming Rehabilitation

On Monday, March 21<sup>st</sup>, 2022, remaining construction will begin on Runway 9/27. Due to the construction on this date, the vehicle service road from Gates B13 to B27 will be closed from 9:00 AM to 2:00 PM. This closure will allow it to be relocated 50 feet north of its current location.

Additionally, Gate B13, B15, B17, B19, B21, and B23 will be closed from 9:00 AM to 2:00 PM as well. In coordination with Delta Airlines, all operations that would normally use the gates listed will be moved to the west side of the concourse.

Once this work is completed at 2:00 PM on March 21<sup>st</sup>, the vehicle service road and gates listed above will be reopened. At this time, the first stage of the Runway 9/27 construction will begin. This first stage will include closing Taxiway J, as well as the portion of the ramp shaded in the image below. This work will then last 35 days.

Additional construction stages and the details of their impact will be sent in future Operations Memorandums for your awareness. Thank you for your cooperation.
