Subject: Concourse B Apron Rehabilitation Project

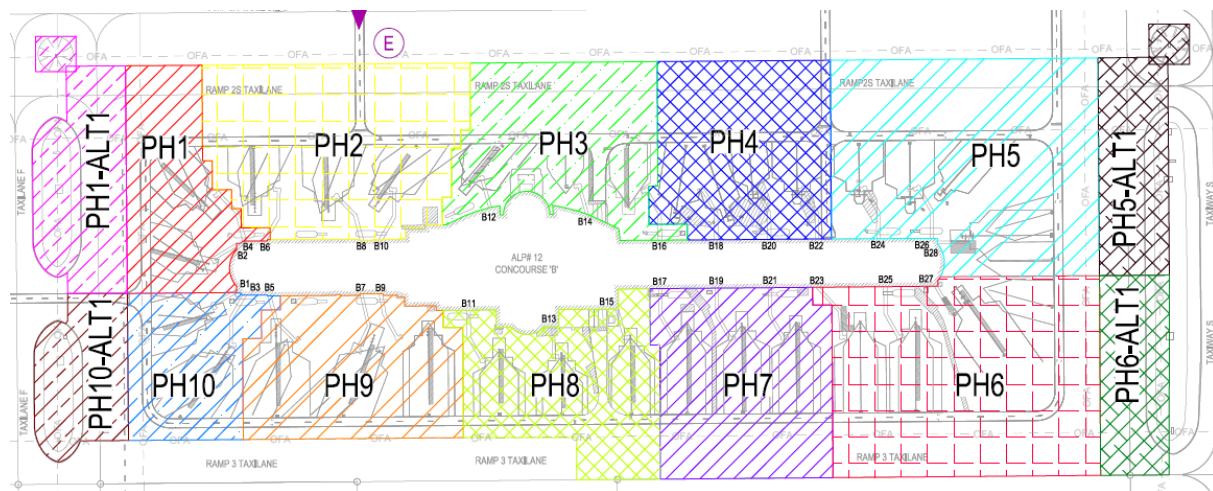

Date: 9/30/2022

BEGINS MONDAY, October 3rd, 2022

Beginning Monday, October 3rd at 7:00 AM, Harper Company will proceed with the Concourse B Apron Rehabilitation Project consisting of 10 phases. The work includes approximately 2.25 million square feet of pavement rehabilitation, including R2S & Ramp 3 areas and taxi lanes Golf & Romeo. Additionally, the work will include the demolition of 15 doghouses, new pavement markings, airfield signage and lighting work, airfield electrical demolition and installation, and storm drainage work. **The completion of all 10 phases of work is currently estimated to end on November 18, 2023.** Please note that the names of these phases do not correlate with the order in which they will occur.

Each phase scheduled consists of an average of 3 gates impacted, and an average of 33 days of work per each phase. The airport will work with the airlines and other stakeholders impacted by this work and will communicate on a scheduled basis prior to moving to each phase.

Please see an image of the (10) phase locations around Concourse B below:

Additionally, you will find the most updated schedule based on the current timing of each phase below. ***Please note that the schedule is subject to change per delays that may occur during each phase.***

Schedule Revision 09/19/22									
START	FINISH	Days	Phase	Gates	DELTA		AMERICAN		PER PHASE COMMENTS
					Gates		Gates		
10/03/22	11/11/22	40	7	B17	3		0		Typical of the majority of the phases: The entire apron will be barricaded off, except as noted. Can light procurement issues caused phase 7 to proceed before 6.
				B19					
				B21					
11/12/22	12/22/22	45	6	B23	3		0		There is a concern for the shoulder work of this phase. Asphalt this late in the season is vulnerable by the weather. There is a potential some work may be pushed to a future phase.
