

## Operations Memorandum

**To:** CVG Airlines and Tenants  
**Subject:** CVG Emergency Response Plan Mobile App  
**Date:** July 19, 2018

**Effective Immediately**

### **Emergency Response Plan Procedures Available via Mobile App**

CVG has created a mobile web application that will allow any user too quickly and easily access emergency response plans. The intent is to provide critical information in a useful and easily accessible format from any web enabled device. The goal is to expand the content to include additional plans, as they are developed and/or refined. Please direct questions or feedback to Kevin Murphy (KCAB Emergency Manager) [kmurphy@cvgairport.com](mailto:kmurphy@cvgairport.com).

Click this link and follow the instructions below to download <https://kenton-61e56.firebaseio.com>

**Emergency Response App**

The CVG Airport is excited to share this new app to aid CVG employees with access to plans and guidance on a real-time basis.

Follow the instructions below on your device to install the app.

If you have feedback on the existing content or ideas for future content please let us know.

To install the app, simply open a browser on your smartphone, tablet, or computer. Please note that typically Safari is best for an iPhone and Chrome for an Android.
