

Operations Memorandum

To: CVG Airlines and Tenants

From: Brian Cobb, VP - Customer Services

Subject: Lightning Protection System Installation

Date: December 22, 2015

A lightning protection system is being installed beginning tonight, Tuesday December 22nd. Installation will be ongoing through the end of the year. Crews will be installing components of the system beginning at Concourse A and then moving to designated airfield entry gates and finishing at Concourse B. Operators are advised to keep equipment away from light poles. Aircraft operations will not be affected by the installation but please use caution and be aware of crews working in the area. Below are two maps indicating the different installation points at Concourse A and Concourse B and is provided for reference. For any questions or concerns please contact Carla Fischer, Senior Project Manager at 859-767-3165.

Concourse A

Concourse B
