

CVG Operations Memorandum

To: Airline and Tenant Ramp Personnel

From: Brian Cobb, VP - Customer Services

Subject: Terminal 2 Triturator Servicing and Alternate Site

Date: April 4, 2016

The Terminal 2 triturator will be closed for servicing beginning Monday, April 4. This site will remain closed until further notice during the project demolition phase. The alternative waste disposal site is adjacent and along the Terminal 2 fence line, as depicted below. This site is for sewage only and used accordingly. The cover must be removed prior to servicing and returned after each use. Personnel are reminded to use caution when entering/exiting the area and remove all service equipment and trash from the work zone to prevent FOD (foreign object debris).
