

General Notice

To: CVG Airlines and Tenants

From: Brian Cobb, VP - Customer Services

Subject: Duke Energy High Voltage Cable Testing

Date: February 10, 2016

Duke Energy will be conducting a series of tests on the high voltage feeder cables that support the airport campus. Tests will be conducted during the overnight hours and are not anticipated to interrupt electrical service to any campus airport tenants. Testing will continue through the remainder of the month, if you have any questions please contact the ACC at 767-7777.
