BAGGAGE MAKEUP SYSTEM ASSIGNMENT CHANGE CONCOURSE A

Due to the changes that COVID-19 has brought to usual operations, the Baggage Makeup Area at Concourse A is now being used by all carriers operating at CVG. To allow space for all carriers to successfully operate in this area, please note that carousel positions will change in order to accommodate additional groups who do not normally operate out of the Concourse A BMU.

Carousel 1 will be occupied by Trego Dugan (Frontier Airlines & Allegiant Airlines) in spots 1- 6, Delta Airlines in spots 7-16, and American Airlines in spots 17-22.

Carousel 2 will be occupied by Menzies (United Airlines) on the north side, and Southwest on the south side.

Please see image on the following page for visual representation of these assignments:

These changes are now in place until the replacement and expansion of carousel 1. During the time of replacement, Trego Dugan, Delta Airlines, and American Airlines will continue to use the layout as listed above.

Thank you for your cooperation.
