

Operations Memorandum

To: CVG Airlines and Tenants
Subject: Perimeter Gate Changes
Date: April 15, 2020

EFFECTIVE MAY 1, 2020

KCAB has coordinated with their security contractor ACTS to adjust the staffing hours at certain airport perimeter gates. The following entails the changes that will take place from May 1, 2020 until September 1, 2020 or unless stated otherwise.

SE-20: Gate on the fuel bypass road at South Airfield Rd.

- No longer staffed by an ACTS Security Guard.
- Access from the public side to the secure side of that gate will only be possible by calling the AOC at 859-767-3123.
- A Police officer will be dispatched to the gate to check the vehicle, the IDs of the driver and any passenger and only then will access be given if the vehicle is authorized*.
- The exit side of SE 20 will remain in service with a card swipe.

**Authorized Vehicles - Vehicles that are not legally permitted to travel on Donaldson Road or vehicles that would cause a hazard by traveling on Donaldson Road (e.g. slow-moving vehicle). From May 1st through September 1st, 2020 this gate should not be used as a short cut to access the North Ramp. All vehicles that are capable of safe travel on Donaldson Road will be turned away by the responding Police Officer and told to take the Donaldson Road route to the north side of the airport and enter through NE-19 and NE-20.*

NE-3: Gate closest to the Escort Shack between the old Freight Docks and the KCAB Sign Shop will be open the following hours beginning May 1st.

- Monday-Friday 0530 hrs - 1700hrs
- Saturday 0530hrs - 1030hrs
- Sunday Closed

The exit side of NE-3 should be considered closed as well during the "closed" hours. NE-4 will remain in service 24/7 to enable access to the rear of the KCAB Sign Shop and the rear of the Old Freight Docks.
